

# SPECIAL NEEDS SUMMER CAMP LOOKING FOR FUN, ENTHUSIASTIC STAFF!!

## THE FLORIDA LIONS CAMP

- The Florida Lions Camp is looking for motivated, enthusiastic staff interested in working with children and adults with disabilities in an inclusive recreational setting. Located in Lake Wales, FL, the camp not only serves individuals with disabilities, but their siblings, neighbors and friends who may not have a disability. We are looking for staff who are interested in working in an environment where our campers are too busy having fun to realize the skills they are building. The Florida Lions Camp prides itself in providing not only an once in a lifetime experience for our campers, but one for our staff as well. Our campers are given the chance to show what they CAN DO and forget what they cannot.

## OUR STAFF

- The summer staff at the Florida Lions Camp consists of young, talented and qualified individuals with a passion for working with individuals with disabilities. FLC recruits staff from around the globe through exchange programs such as YMCA, Camp America and CCUSA. FLC also recruits college students in the USA who study in the Special Education, Recreation and Leisure, Psychology and many other related fields. Some of the benefits for FLC summer staff include housing and food for the 10 weeks of summer sessions, reasonable pay, considerable time-off during week and weekends completely off, and a chance to work in the most diverse environment available. Our staff work under the “work hard, play hard” principle, with weekend trips, volleyball tournaments and a week off to allow staff to connect with one another to form a fun, loving staff team. The leadership team of FLC works continuously to insure counselors have a fun, worthwhile summer, while gaining invaluable experience in the field that can be carried on to future employment.
